Using innovative online investigative tactics and techniques, ILF’s team hunts down the worst of the worst – pedophiles, sexual predators, and human traffickers – and provides critical evidence and identifying information to US and international law enforcement agencies to aid in their capture and arrest.

Founded by renowned social engineer Chris Hadnagy (aka “The Human Hacker”), the foundation’s executive board includes such notable figures as actress and model Erin Gray, administrative and mental health expert with over 35 years experience Dr. Kathie Mathis, attorney Timothy J. Maloney, Douglas Ash, executive with over 30 year of experience with roles in Fortune 100 companies, and Stephanie Paul, a business professional, actress and keynote speaker.
